

States & Capitals Memory Game

This is a fun card game for 2 or more players. It's played just like a regular Memory Game (or Concentration as we used to call it).

Object of the Game :

The object of the game is to be the player with the most cards in his/her pile at the end of the game.

Game Pieces:

Print the files states1.pdf through states12.pdf onto card stock. Then turn those pages over and print states-back.pdf on the back of each. Cover with clear contact paper or have them laminated. You should then have 50 sets of states/capitals cards and 6 bonus cards.

How to Play:

It's played just like regular a regular Memory Game. The cards are shuffled and laid down in even rows face down. The first player turns over 2 cards trying to find a matching set. If a matched set is found, the player keeps those cards and takes another turn. If not, the cards are turned back over and the next player tries. If a Bonus card match is found, the player keeps the cards and takes 2 more turns (1 turn for finding a match, and 1 turn for the bonus cards.) The winner is the player with the most cards in his/her pile after all card sets are found.

Have fun!!
